Mission service

Rachel Puckett and Elizabeth Waldie paint a house on West 5th Street in Ada recently as part of a mission trip by several churches in association with Central Texas Conference Youth in Mission. A mission team from three different churches in Tarrant County, Texas, recently sent 125 people to Pontotoc County, Oklahoma. The team's mission was to make basic home repairs for elderly and homebound residents. Kern Coleman, center director for Central Texas Conference of United Methodist Church Youth in Mission, and his wife, Britta, were overseers for the operation. Both are volunteers with the program. Each year the churches send groups of volunteers to states bordering Texas to make repairs.
