Energizing and Equipping Local Churches  
to be in Ministry with our Immigrant Neighbors

**Please indicate in the areas below the resources to be provided by JFON to the Partner Church, including projected dates of training and other resources to be provided and the contribution requested from the Central Texas Conference toward this partnership:**

**ESL (English as a Second Language).** JFON can help you get organized on a start-up or consult with your team if you need a tune-up. We'll help you give the gift of language to your newest neighbors.

**Citizenship Classes** If you want to help someone reach the ultimate goal of becoming fully engaged in the American experience, we will show you what to do and how to maximize the success of your participants.

**Life 101.** Simple things like getting a driver's license, finding a good doctor knowing when to call 911, etc., can be a bewildering puzzle to a newcomer. JFON can help you organize a ministry to offer friendship to those who are learning the ropes in their new homeland.

**Immigration Seminar.** If you wish you knew what the real facts are regarding the immigration problem in the USA, JFON has a team of presenters ready to come to your church or Sunday School class to make sense out of it. The program length is tailored to your group.
